

MECH CLASH

Quiz & Debate Competition

Mecha Rush'26 · Dept. of Mechanical Engineering · BSACIST

EVENT BRIEF

A two-stage competition that puts mechanical engineering knowledge, communication, and critical thinking to the test. Stage 1 is a fast-paced screen-based quiz covering core mechanical engineering concepts.

The top 8 performers advance to Stage 2, an intense structured debate where qualifying participants argue, defend, and challenge ideas on cutting-edge topics. Think fast. Argue well. Clash your way to the top.

VENUE & TENTATIVE SCHEDULE

Venue DA Lab & Conference Hall, Mechanical Science Block

Schedule April 7, 2026 | Slot-wise Event → 12PM - 1PM (Quiz) & 2PM - 3PM (Debate)

PARTICIPATION

- Individual or team of 2 no permitted, team should be from same institute
- All participants must carry their college ID and confirmation mail
- Participants must be present at the venue at least 15 minutes before the scheduled start

GENERAL RULES

- Any form of malpractice or misconduct results in immediate disqualification
- The jury's decisions on scoring and evaluation are final and binding
- The organising committee has the right to modify rules, participants will get informed if changes made

STAGE 1 — QUIZ COMPETITION

Venue DA Lab, Mechanical Science Block

Rules

- Mobile phones and laptops are strictly prohibited during the quiz
- Participants must not communicate with other teams or individuals at any point during the quiz
- Each team or individual must answer questions independently — no cross-team collaboration

How It Works

- The quiz is conducted as a projected screen-based session, all participants answer simultaneously
- Questions appear one at a time on the display; each question remains visible for 20 to 25 seconds before the next one appears automatically
- Participants must record their answers on the provided answer sheet within the time window for each question
- Answer sheets must not be taken out of the hall under any circumstances
- After the session ends, all answer sheets are collected and evaluated
- The top 8 highest-scoring participants or teams advance to Stage 2

Tie-break rule; Stage 1: If two or more participants finish with the same score, the one who completed their answer sheet in less time is ranked higher.

STAGE 2 — DEBATE COMPETITION

Venue Conference Hall, Mechanical Science Block

Rules

- No phones, laptops, or electronic devices are permitted during the debate or the preparation window
- Each participant or team is given equal time to present their arguments
- Decorum must be maintained, all participants must respect the perspectives of others
- The complete list of possible debate topics will be shared with all qualifying participants in advance

How It Works

- After Stage 1 results are announced, the top 8 qualifying participants or teams assemble
- Each participant or team draws a chit from the available topic pool, the drawn topic is final, no swaps permitted
- A focused 2-minute preparation window is provided immediately after the chit draw
- Participants then present their arguments in a structured debate format
- The initial 8 are shortlisted to the top 4, and from those 4, the best 2 advance to the final round

Topic list will be shared with all Stage 2 qualifiers before the event, preparation is expected. The chit draw only determines which topic from that list each team debates.

EVALUATION

Stage 1 — Quiz Scoring

All answer sheets are evaluated after the session. The top 8 scorers advance. In the event of a tie, the participant or team with a lower completion time is ranked higher.

Stage 2 — Debate Scoring

Each debate is scored across four criteria by the judging panel:

Criterion	Weight	What Judges Look For
Content & Technical Accuracy	40%	Depth, correctness, and relevance of arguments
Clarity & Communication	25%	Structure, language, and ease of understanding
Confidence & Delivery	20%	Presence, tone, and engagement with the audience
Rebuttal & Critical Thinking	15%	Ability to challenge, counter, and respond under pressure

DISQUALIFICATION

- Use of mobile phones, laptops, or electronic devices during either stage
 - Communication with other teams during the quiz
 - Any form of malpractice, misconduct, or academic dishonesty
 - Disruptive or disrespectful behavior toward judges, organizers, or other participants
 - Proxy or fraudulent participation
-

Judges' decisions are final. Event coordinators reserve the right to modify rules for smooth execution.
