Moment Capture Competition

Mecha Rush'26 · Dept. of Mechanical Engineering · BSACIST

EVENT BRIEF

A photography competition that runs live during Mecha Rush'26, participants roam the event, photograph what they see, and submit their best work before the deadline. The brief is simple: capture the highlights, the energy, and the memorable moments of the Mechanical Department event through your lens.

This is not a studio shoot. It is documentary photography under real conditions ; activities, people, and atmosphere. What you choose to frame, when you press the shutter, and how you see the event is entirely yours.
