

TOTE BAG PAINTING

Creative Art Competition

Mecha Rush'26 · Dept. of Mechanical Engineering · BSACIST

EVENT BRIEF

A creative painting competition that invites participants to transform a plain, blank tote bag into an expressive and original piece of wearable art, working within a live announced theme, under a strict time window.

The event draws on principles of visual composition, colour harmony, and painting technique. What you produce must speak for itself in creativity, skill, and how powerfully it communicates the theme. Your canvas is the bag. Make it count.

RULES & REGULATIONS

- The theme is announced on the spot at the start of the session, all artwork must strictly follow it
- Paint and basic brushes will be provided; participants may bring additional tools, but only the paint supplied by the organizers may be used on the bag
- Artwork must be entirely original; copying, tracing, or reproducing existing designs is not permitted
- Mobile phones are permitted only during the specific window announced by the organizers — not freely throughout the session
- The painting must be completed within the allotted time, no extensions will be granted under any circumstances
- Participants may take their finished tote bags home at the end of the event

The theme is revealed only at the start, no prior preparation is possible. This is intentional. The event tests spontaneous creativity and how quickly you can translate an idea into art.

EVALUATION

Every artwork is assessed by the judging panel across four criteria once the bags have dried and are ready for display.

Criterion	What Judges Look For
Creativity	Originality of concept, imaginative use of space, and visual storytelling
Technique & Skill	Quality of brushwork, paint application, and control of the medium
Theme Relevance	How well the artwork interprets and communicates the announced theme
Overall Visual Impact	Composition, colour harmony, and the finished aesthetic of the piece

DISQUALIFICATION

- Use of paint or materials not provided by the organizers
- Copying, tracing, or reproducing any existing artwork or design
- Unauthorised use of mobile phones outside the permitted window
- Work that does not follow the announced theme
- Any form of malpractice or misconduct during the session

Judges' decisions are final. Event coordinators reserve the right to modify rules for smooth execution.
